

CRUCK TENT

AS UNIQUE AS YOU ARE

CRUCK TENT  
**PERSONALISATION**

The image shows the interior of a Cruck Tent, characterized by its exposed wooden cruck frame. A large, spherical mirror ball hangs from the ceiling, reflecting the warm interior lights. To the left, a large, cascading floral arrangement with orange and pink flowers hangs from the wooden beams. In the foreground, a curved bar with a light-colored, vertically-ribbed skirt is visible. A bartender in a black uniform is serving a guest, a man in a black tuxedo and sunglasses, who is leaning on the bar. The floor is made of light-colored wooden planks. In the background, more tables and chairs are visible, some with pink cloths draped over them.
